

EMT Refresher

EMT

CE CREDITS

Every practicing EMT is required by Los Angeles County to renew his/her EMT certification every two years. We offer you the CPR, refresher, skills testing, and Continuing Education courses to help you meet this requirement!

Our courses are designed and taught by experienced educators that make learning easy, interesting, and dynamic!

The course fee includes the supplemental text materials and recertification of your American Heart Association BLS for the Health Care Provider (CPR). In addition to earning 24 hours of Instructor Lead Credit (CEU) you will take the State of California skills examination as part of the course (this skills exam meets the NREMT skills requirement).

You can also earn CEUs in our other courses such as EMT Preparation, Paramedic Preparation, ACLS Prep: ECG & Pharmacology, Prehospital Trauma Life Support (PHTLS), and others.

Don't need the whole Refresher course but just a module or the skills testing? The Los Angeles County Expanded Scope of Practice Module, the Los Angeles County Airway Module, and the skills examination alone are available for a separate fee. Please contact us for details.

Course Highlights

- Earn 24 hours of CE as required for recertification

Please note, refund and transfer requests must be made in writing and received by our office no later than fourteen days prior to the start date of a course. An administrative fee will be assessed. A full refund will be issued in the event of a course cancellation.

Continuing education credit is available with most courses offered by the UCLA Center for Prehospital Care. The UCLA Center for Prehospital Care is an approved Continuing Education Provider for the California Board of Registered Nursing, CEP-12416; and the California EMS CEP# 19-0307. All CE hours are instructor lead.
